Busy Ready-Made Dept.

22 inches represents the average length of this season's most fashionable jackets, the majority of which are double breasted, but a very smart showing of single breasted, fly front jackets are also here. Can fit ANYBODY—even the stoutest and most slender people. Colors most in demand are the various modes and castors, new blues, browns and blacks. Here's one business-bringing example:

\$2.95 Plain navy blue double breasted cloth jackets with inlaid velvet collars, small and medium sizes. Were made to sell for considerably more money. The lot is limited and the limited price of \$2.95 will make short work of them. See our great values between \$10.00 and \$20.00.

\$14.75 is the equally limited price we ask for brown, navy and grey venetian cloth suits, skirts of which are full flounced. The jackets are lined with bright taffeta and the entire outfit is elaborately strapped—strapping inset with neat black braid. Actual value of these suits \$17.75.

Now for a Big Jump—One Which Lands You in the Overflowing Notion Department.....

Here are values which will find ready takers:

75c for ladies' black wool equestrienne tights, actual value \$1.25 pair. Hardly enough to supply one hundred people—better come quick.

19c for ladies' black wool hose, actual value 25c pair. Will be another quick seller.

75c yard is the price of what we positively know to be the most artistic range of BAYEDERE ROMAN RIBBONS ever sold over any counter. They are gorgeously beautiful and all the rage for Crash Belts. As proof of their popularity we point to the fact that it took five weeks to secure this lot, and then we were limited to half pieces by the maker. New Belt Buckles to go with these.

TRADES ASSEMBLY

Seeks to Unravel a Tangle at Richland Mines

DISCHARGE OF MINER THE CAUSE

THAT PRECIPITATED A HASTY STRIKE—THE TRADES ASSEMBLY CLAIMED THE STRIKE WAS NOT INAUGURATED IN DUE FORM, BUT WILL TRY TO BRING ABOUT AMICABLE ADJUSTMENT. OTHER BUSINESS AT YESTERDAY'S SESSION.

The Ohio Valley Trades and Labor Assembly held a lengthy session yesterday afternoon, nearly all the time being consumed in dealing with a hasty strike of the miners at Gilchrist's coal bank, over the discharge of one of their number. There was a fair attendance of delegates, and President Riley and Secretary Salisbury were at their posts. Credentials were received from Wm. Davis, representing Local No. 909 of the miners, and the delegate was obligated. After the list of boycotts was read, considerable discussion followed on the strike of the miners at the Gilchrist mine, Richland district. The strike was inaugurated by reason of the discharge of one of the miners. The men claimed that the discharge was not for a just cause. He was discharged for sending out copper stone from the bank, but it was said in extenuation that it is the rule all over the country for miners working in narrow entries to send out the copper stone on top of the coal.

The assembly discussed the question of whether Local 909 was justified in ordering a strike. The members of the local claimed they had placed the matter in the hands of the Assembly's arbitration committee, but President Riley decided, after the discussion had taken a wide range, that Local 909 had exceeded its bounds, so far as the local was concerned with the Assembly, in ordering the strike. Other delegates believed that the miners were a trifle hasty in throwing down their picks, though heaving that the miners had cause for "getting hot" at the discharge of one of their men who had broken no custom in sending out copper stone with his coal when doing that "hurry up" job, driving an entry.

One of the strikers stated that it was a rule in Pennsylvania and Ohio, to warn a man once for mixing copper stone with coal, to "dock" him a second time, and to discharge him the third time. The miners wanted this rule applied.

President Riley ruled that according to the Assembly's constitution the strike was not inaugurated in due form, the miner's grievances. The miners wanted the arbitration committee to take charge again, and in order to straighten matters out, a recess of five minutes was taken, during which the miners got together in an ante-room. It was finally decided to place the question of settlement of the strike in the hands of the arbitration committee, which will probably call in a disinterested party in its conference with Mr. Gilchrist.

The Assembly was thanked for its donation to the striking stove mounters at Belleville, Ill., in a communication from the stove mounters of that city. Governor Tanner, of Illinois, replied to the Assembly's letter praising his course in connection with the miners' strike at Virden, Ill. The governor acknowledged the Assembly's letter in felicitous terms. On motion of Delegate Tighe the Assembly purchased twenty-five tickets for the ball to be given by the Belmont labor assembly at Bridgeport, November 18.

SUITS AND OVERCOATS—THE HUB.

We Have Worked Wonders!

Such a boom as our business had this fall. Study our stock. In each department you will find a reason for it. 'Twasn't our low prices alone—nor our superior qualities—nor our exclusive styles—but the grand, glorious union of all these virtues and we seal satisfaction with our responsible guarantee. We have searched up and down the whole creation, gathering the choicest novelties that were growing in the garden of genius. We can show you a stock of Suits and Overcoats that'll be the envy of the to-order shops. Our house is full of flowers of fashion and we're strewing them among an applauding public.

Suits.

Straight as a thread through the eye of a needle we have entered into every phase of Suit fashion. When you make a change with us this fall or winter it will be for the better. We have shaved the prices until only a tissue of profit covers the cost. Our line of cheapness has been drawn at \$5, worth quality light below that price, up to \$25. Quality grows with every dollar. There is the highest perfection. Judge us as you find us. Single and double-breasted suits and four-button cutaways. A variety that no three houses combined can equal. Do not fear for the fit—that is perfect beyond improvement.

Our aim has been to give you the biggest money's worth you have ever had, and we have succeeded. Success piles upon success. The Boys' Department brimful of new things.

Overcoats.

Only the rich can afford to have an Overcoat made to order, and they don't need to. Ours have won a place among the best efforts of custom tailors. Price is their only resemblance to the ready-made garments shown you by any body else. The more you see others the stronger will be your appreciation of ours. It isn't strange we want you to look around. No style or size or taste we have forgotten. Every style, every color, every one made to fit and to wear.
